A. E. LOVELL, Treasurer.
JAMES GRAY, Sheriff.
ALEX. CAMPBELL, District Clerk.
R. S. NEWELL, County Clerk.
C. F. KESTER, County Recorder.
E. C. MANNING, Assessor.
WM. McCLOSKEY, Surveyor.
THOMAS MCCOY, Coroner.
FRANK SCHMIDT,
JAMES KELLEY,
J. FREELAND } Co. Commissioners.

Local and Special Notices.

Rev. Charles Parker will preach in the Court House next Sabbath evening at 7 o'clock.

Our old friend John Hughs was married this week to Miss Josephine Miller of this place. Success and happiness attend them.

The *Kansas Independent* is the title of a new religious paper, devoted to the Presbyterian interests, to be established in Leavenworth City.

Next Thursday is the National and State Thanksgiving day. We hope to see it appropriately observed in Marysville.

A barrel of honey, a lot of beautiful clocks, ten day and alarm, and a heavy invoice of new goods can be found at the popular store of Samuels & Weisbach.

Thomas McCoy makes the best boots in the west. A pair of his manufacture will wear as long as the soles of those that wear them, and twice as long as store boots. Try him.

The *Burlington Patriot* announced a few weeks ago that the *Daily Conservative* had suspended. It was a mistake—it is the *Daily Bulletin* that has suspended we believe, for we have not seen a copy for three months.

There can be no better time for planting trees and shrubbery than now. If planted before the ground freezes, the earth becomes well settled around the roots by Spring, and they commence to grow at once when the frost is out of the ground.

We are requested to state that a first class school teacher, one that can teach Philosophy, Algebra, &c., and can take charge of what is generally termed a high school can get a good situation and high wages at this place. Address Dr. J. O. Allen or O. C. Horr.

We have for the first time since we started the *Union* received the *Lawrence Tribune* published at Lawrence by Spear and Ross. It was the tri-weekly which we received and a good paper it is. We hope the gentlemanly publishers will continue to send it.

The good and hopeful citizens of Irving gave a banquet at their place last Tuesday evening, in honor of the completion of the survey of the A. & P. P. railroad to the Big Blue river near or opposite that town. Our "Irving correspondent," was on the ground and gives an humorous and somewhat "figurative" account of the proceedings in another column.

We congratulate our young friend Charles F. Kester, of Marysville, on his election to the office of Register of Deeds of Marshall county without opposition, at the election on the 7th inst. We believe he has already filled the office two terms, and his re-election again shows that he is a popular man with the people.—*Free Press*.

Prairie fires have been running over the country in all directions for the past two weeks. Thus far we have heard of but one loss by them.—That was quite serious. A fire that was set out at the north part of town last week, when the wind was in the south ran up to the creek upon which McDonald lives and burned up sixty tons of hay for Messrs. Murchison and McKay.

The Eclectic Magazine.

The *ECLECTIC MAGAZINE*, as its name indicates, a selection from other magazines and monthly periodicals. In this respect it is entirely unlike other monthlies, and has no rival. The following are some of the works from which selections are made:

London Quarterly, British Quarterly, North British Review, Popular Science Review, Saturday Review, Leisure Hour, Westminster Review, Dublin University Magazine, Art Journal, Revue des Deux Mondes, London Society, Bentley's Miscellany, Cornhill Magazine, Fraser's Magazine, Temple Bar, Chamber's Journal, Edinburgh Review, London National Review. We have also arranged to secure choice selections from the FRENCH, GERMAN, and OTHER CONTINENTAL PERIODICALS, translated especially for the *ECLECTIC*, and it is hoped that this new feature will add greatly to the variety and value of the work.

Embellishments.

Each number is embellished with one or more FINE STEEL ENGRAVINGS—portraits of eminent men or illustrative of important historical events.

Volumes commence in January and July of each year; subscriptions can commence with any month.

Terms—\$5 per year; Single Numbers, 50 cents. Five Copies, \$20.

The Trade, Clergymen, Teachers, and Clubs supplied on favorable terms. Address, W. H. BIDWELL, 5 Beekman St., New York.

We see by the *Emporia News* that corn is sold in that market for thirty and forty cents a bushel, while it is selling here for fifty and sixty. So much for being near the Gold Regions and on the great thoroughfare between the Atlantic and Pacific. By the same paper we see that potatoes are selling for one dollar per bushel while here we can get plenty for fifty or sixty cents per bushel. So much for being in a good potato raising country.

The Leavenworth papers are discussing the matter and urging the justice of paying the same wages men receive, to women who perform the same labor as clerks &c. The *Conservative* winds up an article upon that subject by saying "give the women a chance."

There are a set of fellows who would oppose this the same as any other reform, if for no other reason than the fear that the women would come out on top.

HARPER'S NEW MONTHLY MAGAZINE.

"Unquestionably the Best Sustained Work of the Kind in the World."

CRITICAL NOTICES OF THE PRESS.

It is the foremost Magazine of the day. The fire-side never had a more delightful companion, nor the million a more enterprising friend, than Harper's Magazine.—*Methodist Protestant, Baltimore*.

The most popular monthly in the world.—*New York Observer*.

We must refer in terms of eulogy, to the high toned and varied excellence of HARPER'S MAGAZINE—a journal with a monthly circulation of about 170,000 copies—in whose pages are to be found some of the choicest light and general reading of the day. We speak of this work as an evidence of the American people, and the popularity it has acquired is merited. Each number contains fully 144 pages of reading matter, appropriately illustrated with wood cuts and it combines within itself the rare monthly and more philosophical quarterly, blended with the best features of the daily journal. It has great power in the dissemination of a love of pure literature.—*Traveller's Guide to American Literature, London*.

The volumes bound constitute of themselves a library of miscellaneous reading, such as cannot be found in the same compass in any publication that has come under our notice.—*Boston Courier*.

Notice to Debtors.

I am gratified to find that many of my debtors have settled what they owe me, for which I am very thankful.

Now I want all that still owe me to come up and settle their bills during the next two months while they have a good crop on hand. I have left all my accounts and notes with Mr. Jacob Weisbach and he will settle with my debtors, taking either money or corn at the market price. At the end of that time if not settled I shall put the notes and accounts in the hands of the proper officers for collection.
